Pork Back Ribs, 2.25-Up, IW, 30 LB, BOXED, FROZEN
Revised: September 15, 2020
Replaces: May 5, 2020

Description:

Mature hogs are harvested and hot-boned. The back ribs are separated, trimmed, quickly chilled, peeled, individually wrapped, and packed with dry ice. Piece target weight is 2.25 lb. and up.

Abby Item #	Description
510421	Pork Back Ribs -Boxed, Frozen

Packaging:

The product is packed into 30 lb. net weight, poly-lined corrugated boxes. The boxes are palletized with freezer spacers to promote quick freezing. The spacers are removed before the product is shipped. The boxes are dated with a “Packed on” date, which is the same as the slaughter date, as the product moves through the facility the same day. Boxes are stacked in a 5 by 11 pattern, 55 per pallet for 1650 lb. net wt. per pallet.

Shipping Temperature:

Product ships at 0°F or less.

Shelf Life:

2 years, Frozen.

Standard Microbiological Analysis:

APC: <75,000 cfu/g
Coliform: <100 cfu/g
Generic E Coli: <50 cfu/g
